Ronald D. Jenkins

To the Class of 1995:

*For centuries, people believed that Aristotle was right when he said that the heavier an object, the faster it would fall to earth. Aristotle was regarded as the greatest thinker of all times and surely he could not be wrong. All it would have taken was for one brave person to take two objects, one heavy and one light, and drop them from a great height to see whether or not the heavier object landed first. But no one stepped forward until nearly 2000 years after Aristotle's death. In 1589, Galileo summoned learned professors to the base of the leaning Tower of Pisa. Then he went to the top and pushed off a ten-pound and a one-pound weight. Both landed at the same time. But the power of belief in the conventional wisdom was so strong that the professors denied what they had seen. They continued to say Aristotle was right, reinforcing the observation by Niccolo Machiavelli in his book, *The**

Prince, that: "There is nothing more difficult to take in hand, more perilous to conduct, or more uncertain in its success than to take the lead in the introduction of a new order of things."

As graduates, it is now your turn to "take the lead". It will be difficult and you will need to acquire additional skills. Do not let graduation from Telstar be the end of your formal learning. Instead, make this the starting point of a lifetime of learning. Do not be afraid to be the 'Galileo' that challenges old beliefs. It is your time to introduce a new order of things. You are the future.

Theodore R. Davis

TO THE CLASS OF 1995:

WHO FIRST SAID "FALSE AS DREAMS?"

NOT ONE WHO SAW

INTO THE WILD AND WONDROUS WORLD THEY SWAY;

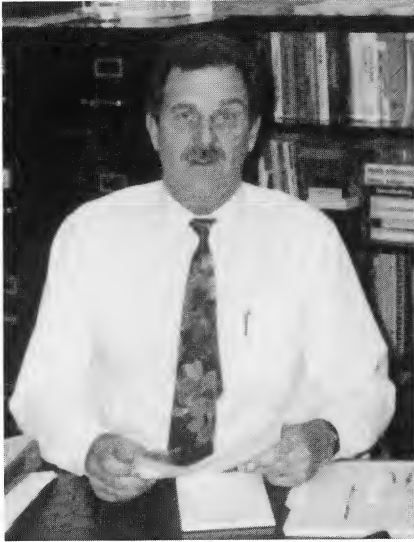

NO THINKER WHO HAS READ THEIR MYSTIC LAW;

NO POET WHO HAS WEAVED THEM IN HIS DAY.

*THE ABOVE IS AN EXCERPT FROM HENRY TIMROD'S
POEM "DREAMS."*

*MY MESSAGE TO YOU, THE CLASS OF "1995" IS THAT IF
YOU HAVE A HOPE OR DREAM YOU WILL FOSTER IT
TO ITS FULLEST.*

*HOPEFULLY, THROUGH YOUR EXPERIENCES AT TEL-
STAR, THE SEEDS HAVE BEEN PLANTED FOR YOU TO
ENVISION SUCH A HOPE OR DREAM. YOU MUST ALSO REMEMBER THAT FOR A HOPE
OR A DREAM TO BE FULFILLED, YOU MUST DEVELOP A PLAN TO CARRY IT OUT.
WHEN OBSTACLES ARE PLACED IN YOUR WAY, YOU MUST HAVE THE COURAGE AND
CONVICTION TO OVERCOME THEM. TELSTAR HAS SUPPLIED THE TOOLS WHEREBY
THIS CAN BE ACCOMPLISHED. THE REST IS UP TO YOU.*

Carroll Higgins

To the Class of 1995:

There is a popular saying, found on bumper stickers and t-shirts mostly, that states: "He who has the most toys wins." This motto of materialism seems to imply that those who can surround themselves with the most possessions are somehow the big winners in life. I believe that the real winners in life are those who have found happiness. In the August, 1994, issue of *Reader's Digest* there is an article by Suzanne Chazin that reports on recent research in the whole issue of money and happiness. While finding that most would agree that "a little more money would make them a little happier" there is no agreement on what the ideal amount would be, other than significantly more than what the person answering has.

Some would suggest that happiness is certain if one is rich enough to avoid work. The ability to satisfy one's every desire without working to reach those goals does not bring lasting happiness. There have been many examples of extremely wealthy people leading miserably unhappy lives. Research finds that one of the greatest satisfactions in life comes from work. Doing something that you like and that you do well can build confidence and self esteem. According to Chazin, the experts claim "true happiness comes more in the **striving** to fulfill desires than in the attainment."

In his novel, *The Contender*, Robert Lipsyte addresses the issue this way:

"You have to start by wanting to be a contender, the man coming up, the man who knows there's a good chance he'll never get to the top, the man who's willing to sweat and bleed to get up as high as his legs and his brain and his heart will take him It's the climbing that makes the man. Getting to the top is an extra reward." (25)

In conclusion, my wish for each of you is that you find true happiness in life working to achieve your goals and developing your own individual talents to their fullest.

Class of 1995

As you leave Telstar High School you are ending one chapter of your life and beginning another. We hope that all you have learned in your classes, the people you have known, the activities you have participated in, and the sorrows and joys you have felt, have all contributed to making you a better person than when you entered high school.

You now face the "real world" with all of your experiences, both positive and negative, integrated

into your personality to give you strength to deal with whatever you may encounter in life. We hope we have provided you with a firm foundation, and we wish you well as you leave Telstar to embrace a new chapter of your life.

Mrs. Howe:

For our four years in high school you have been there for us when we needed help. Whether it was to direct us to a certain place, help us in finding college information, or getting transcripts and other needed information to us as quickly as possible. Many times we entered the Guidance department with our hearts hurting. In your special way, you reached out and hugged us and made us feel better. Your smile and welcoming ways always made us feel welcome in the Guidance Department and we knew that no matter how bad our day had been, when we left you we would feel better. All these things that you were kind enough to do for us were added to all the other things that go with your job. And even though at times you are stressed out, you can still greet students with a smile. Thank you, Mrs. Howe for the love, kindness, and joy you have given us. Though we are leaving this school you will always be in our hearts!

Thank You!

No Difference

Small as a peanut,
Bit as a giant,
We're all the same size
When we turn off the light.

Rich as a sultan,
Poor as a mite,
We're all worth the same
When we turn off the light.

So maybe the way
To make everything right
Is for God to just reach out
And turn off the light.

Stopping By Woods On A Snowy Evening

Whose wooded these are I think I know.

His house is in the village thought:

He will not see me stopping here

To watch his woods fill up with snow.

My little horse must think it queer

To stop without a farmhouse near

Between the wood and frozen lake

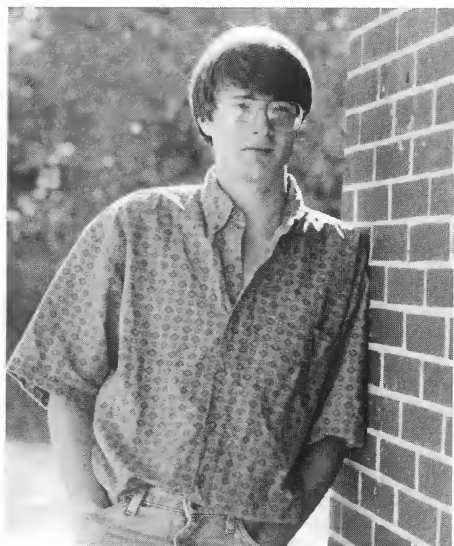

The darkest evening of the year.

He gives his harness bells a shake
To ask if there is some mistake.
The only other sound's the sweep
Of easy wind and downy flake.

The woods are lovely, dark and Deep,
But I have promises to keep,
And miles to go Before I sleep,
And miles to go Before I sleep.

I Love you all D.G., S.C., C.C., A.C., D.B.C., B.C., H.C., H.D., A.P., C.L., H.N., A.T., and A.N.

Where The Sidewalk Ends

There is a place where the sidewalk ends
And before the street begins,
And there the grass grows soft and white,
And there the sun burns crimson bright,
And there the moon-bird rests from his
flight
To cool in the peppermint wind.

Let us leave this place where the smoke
blows black
And the dark street winds bend.
Past the pits where the asphalt flowers
grow
We shall walk with a walk that is measured
And slow,
And watch where the sidewalk ends.

Yes we'll walk with a walk that is

measured
And slow,
And we'll go where the chalk-white arrows go,
For the children, they mark, and the children,
They know
The place where the sidewalk ends.

Last Goodbye

Hello there do you remember me
For the winds were fair and we were free
We used to sit under the apple tree
And dream of all that we could be
But dreams fade and hopes die
And friends let go are bound to fly
So up you went, up to the sky
So high you did not see me cry
But cry I did the tears did fall
My voice grew weak from all my calls
And time went on it went so fast
The memories were left to pass
And then one day I saw you my friend
The dreams all flooded back again
And I took that walk down memory lane

And I visited the old apple tree in vain
For the trunk was rotten and the leaves gone
And I'd forgotten the words to all our songs
I realized at that point of time
Although our friendship was sublime
That everything has an end
So I guess it's time to say my friend
I LOVE YOU AND I'LL NEVER FORGET YOU
Lynn and fam. I love you.

To all my friends I'm not writing everybody's name because I'll forget somebody and I have no more room. Sarah you will never know how much I love you and look up to you, little sister. Thanks for everything Mom and Dad. To best friends: I love you SB, SS, AS, +AP. PM you're in here.

The Road Not Taken

Robert Frost

Two Roads diverged in a yellow wood,
And sorry I could not travel both
And be one traveler, long I stood
And looked down one as far as I could
To where it bent in the undergrowth;

Then took the other; as just as fair,
And having perhaps the better claim,
Because it was grassy and wanted wear;
Though as for that the passing there
Had worn them really about the same,

And both that morning equally lay
In leaves no step had trodden black.
Oh, I kept the first for another day!
Yet, knowing how way leads on to way,
I doubted if I should ever come back.

I shall be telling this with a sigh

Somewhere ages and ages hence:
Two roads diverged in a wood, and I-
I took the one less traveled by,
And that has made all the difference.

Angela Marie Szente

Changing,
Dancing,
Leaping,
Creeping
From old life
Into new,
Wondering what
I think
of you,
Unseen dreams
And newfound schemes,
Two lives
Enmeshed,
Embroided,
Enhanced at last,
And suddenly
Heart
snagged,
Held fast,
No turning back,

No letting go,
Too late to run
Too soon to know
If all is well,
Yet time
will tell
it all
And softly
In the night
I call
your name,
Nothing quite
the same

amidst this total
rearranging,
as everything
about me
is shifting,
moving,
changing.

HUG O' WAR

I will not play at tug o' war.
I'd rather play at hug o' war,
Where everyone hugs
Instead of tugs,
Where everyone giggles
And rolls on the rug,
Where everyone kisses,
And everyone grins,
And everyone cuddles,
And everyone wins.

Led by Tim "Zeetoo" Remington the Rebels had the potential to have a terrific season. Unfortunately, five losses, all by one goal each, kept them from this mark. However, this potential did not go unnoticed.

Seeing the teams skills and abilities Sven Greggorsen, a sports promoter of Norwegian and German descent, contracted Coach Remington and his group of feisty kickers to a nine week, 21 game schedule against a plethora of professional teams in Europe, including, through not exclusively, the London Big Bens, the Madrid Crazies, the Dublin Potatoes, and the Hamburg Rodentia. Unfortunately, or fortunately, depending on how one views such things, the Tour had to be canceled due to the impending academic schedule of the 1st quarter.

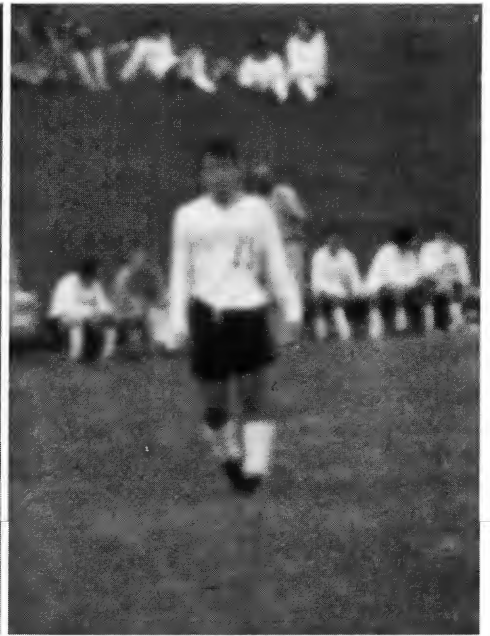

All in all, however, the Rebels had a strong season which could have, with some better breaks, resulted in a much stronger finish.

"Keep on a truckin"

Due to a small turnout this year's success was measured by personal achievements. Everyone improved as the season passed and times dropped steadily. Our only senior, Amy Howe, made the 2nd MVC All-Star Team. She also qualified for the State meet where she placed 36th.

Jason Billings and Amy were named Outstanding Runner for the 1994 season. Heidi Blake received the Hustle Award for her perseverance and dedication to improving.

TELSTAR GIRLS BASKETBALL 1994-95

The girl's basketball program at Telstar continued to gain in strength this year. We started the year with 22 players and 4 managers, and lost only 3 along the way. Skill levels have improved dramatically and commitment is increasing. Next year's freshman class should provide 8 to 10 new players, bringing us at or close to capacity. The future looks very bright for us.

At the varsity level, we went from last year's winless season to a 4 and 17 record this year. The girls participated in some other very exciting games as well. Led by senior co-captains Jill Olson and Laura Seames, "Teamwork" was adopted as the team motto. Both on and off the court, the girls worked well together. I am very proud of them.

The JV's were led by co-captains Cora Gallagher and Carrie Mason. Although not as successful in terms of wins as last year, they still won several games. Several girls improved a great deal over the course of the year. They should prove valuable to the team in the years to come.

Every athlete would like to be a star. It is a worthy goal and I encourage athletes to work toward it. But stars do not win games by themselves. Teams win games, and as each athlete improves his or her performance, the team improves. It is not one's ability or position on the team, but the individual effort of each athlete that makes a team a success.

I would like to thank Assistant Coach James Miclon and Volunteer Coach Frank Howard for their help during the year.

Telstar's Nordic Ski Team had one of it's best seasons ever this year. After a slow start, because of the lack of snow, Telstar's Nordic Team showed everyone what it was made of.

At New England's second largest Nordic Relays, held at Telstar, with 24 schools participating, Telstar had a strong showing finishing in 6th place overall. Telstar again showed its "stuff" at the MVC Championships finishing 5th in the Girls Classical, 6th in the Girls Freestyle, 4th in the Boys Classical and 1st in the Boys Freestyle.

The State A Meet also proved to be successful for Telstar's Nordic Team. The Girls finished 4th in the Girls classical and 6th in the Girls Freestyle. The boys placed 4th in the Boys Freestyle and 5th in the Boys classical.

Individual success was also evident as Liza Fryberg, Jessie Wight, Steph Curley, Michelle McInnis, Jason Hebert and Kris Orrok were all chosen to be members of the J2 Maine Team. Joel Riely, Tim Remington and Joel Peaslee were chosen to the Maine Team for Eastern High School Championship. To be chosen to be in these competitions a student needs to earn their place. It is not just given to them.

Joel Riley, a senior, showed that his last year in school was going to be a good one. Joel made the MVC 1st Team All-Stars, was State Classical Champion, State Class A All-Star, Received the Clarence Remington Award and the Hustle Award.

Tim Remington's senior year also was outstanding as Tim was the MVC Classical Runner-Up, made the MVC 1st All-Star, 4 years in a row, was a State A All-Star, and State Classical Runner-Up.

As a sophomore Liza Fryberg has a great future as a member of Telstar's Nordic Team. This season, Liza was MVC Champ in the Classical, a member of the MVC 1st Team All-Stars, was a State Class A All-Star and received the Girls Ski Team Award.

Telstar High School Nordic and Alpine Ski teams came in Third in the state, in the Class A standings. GREAT JOB, TELSTAR SKI TEAMS.

Our apologies to Telstars Nordic Ski team for not having any action pictures of the team. It was not for lack of trying, but, because of technical difficulties (camera problems). Though, there is no excuse for the lack of pictures in this layout, we hope that the team will understand that sometimes things happen beyond our control.
